Why choose Diffusero?

We are a company which values the satisfaction of its customers. Our goal is always to produce and deliver qualified essential oil diffusers that meet all your needs.

With 6 years of experience, Diffusero is well versed in the aroma diffuser field. Yes, you're in the hands of the masters. You are able to entrust your needs and expectations to them.

Want proof? Why not get in touch with us and we can arrange a zoom checkout for you. We are not promoting physical inspection at this time due to the COVID-19 pandemic. But this activity will continue at the end of the pandemic.

- ✓ We are certified; Diffusero is CE, FCC and ROHS approved.
- ✓ We offer a 1 year guarantee and provide high quality aroma diffusers.
- ✓ Our diffusers are very sustainable because we manufacture them from 100% safe materials.
- ✓ Your brand name is confidential and we will not disclose it under any circumstances.
- ✓ Nothing valuable comes with a cheap price. We will provide you with the best material that your budget can purchase for your diffuser project.

Want to know how we can do business? Let's talk!

Hot products as per customer feedback.

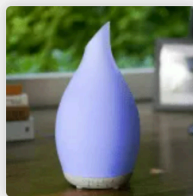

Diffusero doesn't just deal in wholesale plastic aroma diffuser, but they also sell other various material of aroma diffuser in bulk. Below are few of our diffusers that clients love

Metal Aroma Diffuser

Ceramic Aroma Diffuser

Glass Diffuser

We are very strict in the quality control of our diffusers during the manufacturing process, going through multiple inspections of the appearance and function of the raw material to the finished diffusers. We want to make sure that every single aroma diffuser that you receive is high quality and not broken

For example, if you would like to print a logo on the outside of a diffuser, we have to make sure that the logo is not corroded by the essential oils, so it will take us a lot of time to select and test the printing ink.

But All this is worth it, because when customers

Nebulizer Diffuser

Polyresin Diffuser

Lotus Passive Diffuser

get your product they will be just as happy as when you get ours.

Approximate wholesale price

All the money that is paid to Diffusero to purchase their diffusers is safe. Here is an overview of costs you will incur:

Design Fee

Pay a minimum fee for consulting all the designs you need for the aroma diffuser at wholesale price.

Shipment Fee

This is the amount of money that you will pay for the transportation of your products from the factory to your doorstep. Diffusero provide you any kind of convenience.

Miscellaneous Fees

These are any other fees associated with taxes, service fees, penalties and delay charges, which are generally cheap amounts

Sample Fee

If you need an aroma diffuser sample, please pay the minimum fee. Then, this amount is for a single sample, if it is what you need. With a few samples, you'll pay a little more.

30% T/T Fee

It's up to you that pay the total amount or just pay 30% for the whole payment for the wholesale

70% Final Fee

Complete your payment within a certain time and receive the goods you have ordered.

Estimated production and shipment times

We're moving fast. With a growing number of clients approaching us. We do not have any choice but for prioritizing speed. Let's look at the entire production and shipment process

STEP 1

Design and produce time

We process the relevant materials in our factory, and design them as essential oil diffusers during the production process.

STEP 2

Packing and boxing all diffusers time

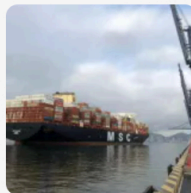

The employees pack the products in boxes. They took a short time because it was an easy thing to do

STEP 3

Customs clearance and loading time

Staff are loading diffusers on Diffusero Vans. When they are cleared, the drivers, then transport them to different points of distribution.

STEP 4

Sea and land transportation time

When the goods reach their destination, you'll get an alert. You can schedule how to pick up the shipped products.

The Entire process of wholesale aroma diffusers

This is what we do when we make wholesale essential oil diffusers.

1 Design the diffusers

Design the diffusers with the beautiful shape, pattern and graphic, lights and stable function which makes them stand out.

2 Prototype process of diffusers

R&D team starts to make the prototype sample as per the approved design, then test it several times before sending them to the customers

3 PCB Layout of diffusers

We prepare the electronic components, such as PCB layout design and environmental plastic injection, etc. Depending on the customer's order details.

4 Testing of the raw materials

All raw materials must be inspected strictly according to the AQL standard before assembling, check their appearance, their function.

5 Manufacturing process of diffusers

The staff sorts the raw materials, assembles the main components, and performs air leak tests as directed by SOPs.

6 Testing of completed products.

This is one of the most important processes. Examples of quality tests are as follows: accelerated aging, low temperature testing, high temperature testing, solder testing, PCB inspection, critical component testing, LED light testing, and mist output testing

Problems with my order? Things you Need to Know

To save you from troubles, here are a few facts you need to know about our diffuser supplies.

Do you provide free delivery of wholesale aroma diffuser?

Unfortunately, no. You will need to pay a small payment, shipping wholesale aroma diffuser.

What should I do if my order is delayed?

If the order is delayed for more than one week, email Customer Service of Diffusero on the website for assistance.

Please kindly note sometimes that orders may be delayed due to unforeseen circumstances. Please be patient and we will tell you if there is a reasonable reason for the delay.

Can I replace goods which are damaged while shipping?

This rarely happens because we make that all our goods are well packaged before shipping

But if it happens, just contact customer service of the site, They will provide you with guidance and advice.

What accessories that i can find in the diffuser box?

You'll find the user manual, measuring cup and a power adapter/usb cable in the gift box

How do I clean my aroma diffusers?

We advise you clean the aroma diffuser frequently. Filling the diffuser with clean tap water below the max water level. Then adding 6-8 drops of white vinegar to remove any oil left inside or outside the diffuser.

Let the diffuser run for about 5 minutes to allow the vinegar mixture to disperse throughout the unit and to clean it. Empty the diffuser completely, clean each corner of the diffuser with a clean, dry cloth, Rinse with clean water and pour off all water again.

I can't see the mist coming out of my aroma diffusers

Ensure it is connected the power. If it is connected, but the lights and mist are not turned on, pls check out there is power from your socket.

One possible reason might be the minerals or oil stuck in the diffuser. This makes the diffuser difficult to spray mist. Please start cleaning your essential oil diffusers right away

Last time, I bought some wholesale essential oil diffusers for sale from Diffusero. I am impressed with their prompt service and nice attitude towards their clients.

They were very friendly and even gave me some great sales advice and helped me make posters, which saved me a lot of time and effort! Thanks a lot for that!
